Ethiopia is not a member of the ATA Carnet agreement neither temporary imports under Customs Bond are available! Customs duties in Ethiopia can go up to 35% plus 15% tax. For temporary importation PANEXPO and their partners must provide full amount of customs duties and taxes to the customs authorities. The customs duties must be paid in local currency and after exportation the refund will take up to four months. It is therefore essential that we receive the COMMERCIAL INVOICE / PACKING LIST one week before departure to calculate the estimated customs duties. The expected customs duties (based on cif value) plus 10% disbursement fee plus handling charges as per our tariff must be paid before stand delivery. The foreign exchange risk is exhibitors risk. After exportation we will claim the duties and taxes and will refund the amount credited by the Ethiopian customs authorities to each individual exhibitor.
